

# GSA PHOTO CHALLENGE

## HOW TO JOIN IN

1. Decide whether you are doing this in a group or as an individual. You can do these with your household or with others but please remember to follow the current social distancing guidelines and rules of where you live.
2. Below are some photo challenges, getting a photo that matches a challenge will get you some points. The harder the level, the more points you get for the photo. There will be bonus points for our favourite version of each challenge, or if you take one that no one else does. So first things first, decide which photos you want to get.
3. Go out and get those photos! You can either take them physically (e.g. set up something in person) or you can show off your Photoshop skills and send in digitally edited images (or both!)
4. Put the photos in a Google Drive folder (or use WeTransfer) and send the link to [events@yorkgsa.org](mailto:events@yorkgsa.org) before 9am Tuesday 8th June

### EASY - WORTH 1 POINT
